Description

Great for opening envelopes or cutting paper sheets. Is also useful for craft activities like cutting string and wool. A very useful product for those with fibromyalgia when fingers cramp or are sore with repetitive actions. Also good for those without fibro as well. Contains older FMA UK contact information.

These are absolutely brilliant. I have had mine for a number of years and recommend all to buy at least one then you can give one away to raise awareness!

I noticed a couple of spelling errors (in the product description) that you may not be aware of and you might prefer to correct them. (envelopres instead of envelopes). Kind regards. S.M.B.
